CUSTOMISED COMMUNICATIONS SHED

## RESPONSIBLE, SAFE & SECURE STORAGE

**FROM THE EXTENSIVE RANGE  
OF PERMACRETE PERMANENT  
SOLUTIONS.**

The environment we live in has become more and more important to us, so we need to do as much as we can to protect it. Keeping dangerous goods safe in an approved storage area is a necessity. A Permacrete Dangerous Goods Store is the responsible choice for storing your dangerous goods and chemicals. These products are extremely versatile and have many uses, such as pump sheds, safes, housing electrical componentry. etc. **Permacrete can also customise your concrete storage sheds to suit any requirement.**
